It's important to ROOF LOCAL!

After a significant storm, roofing companies descend on the area from all over the country. Where will you find these companies if you later have a question about your repair or a request? Whether it's us or another locally owned company, please know who you are trusting to work on your home and greatest asset.

**6201 Technology Drive, #115
Frisco, TX 75033**

Peak Roofing Systems gets my highest recommendation. After receiving a number of estimates for roof replacement, it was an easy decision to go with Peak. Owner Jeff Riss is intent on providing two things: superior quality work and the highest level of customer service and satisfaction. He is very knowledgeable about all aspects of roofing and was helpful in providing useful information. He worked with my insurance company and helped me navigate through that part of the process. He listened closely to my concerns and was always quick to respond. Several times, he said to let him know immediately of any concerns or problems and he would make it right, and he did just that. Again, I can't say enough about the outstanding quality of service provided by Jeff. The crew did a very nice job installing the roof and in cleaning up upon completion. Overall, I am very satisfied with Peak Roofing Systems and would not hesitate to use them again in the future. If you're in need of a roof, give Jeff a call. He will work conscientiously to earn your business.

***D Lipscomb,
Plano TX***

www.peakroofingsystems.com

Plano is evolving into a mature city, yet we have an abundance of new and exciting places to live, work and play. Over the course of the last few years *Community Impact Newspaper* has been following all these changes, including new development spurred by local job growth and

the economic vibrancy of this area.

If you are new to the community, this inaugural issue of *Connected* is a great starting point to connect with locally owned shopping options, school information, Plano parks and annual events.

If you have lived here a while, I bet you have not tried all the local restaurants that can be found in our

local dining guide on Page 8. At the time of printing, we know there are many more new restaurants on the horizon that plan to open soon (be sure to check your mailbox for monthly updates via *Community Impact Newspaper*). Needless to say, we are trying to keep up with all the amazing food headed our way in Plano!

We hope this *Connected* publication finds its way to a safe spot in your home or business for easy reference in the future. Whether you are looking for local real estate trends, transportation updates, information on Plano ISD and private schools or just general information about the amazing local businesses we have in our city, *Connected* has it all.

DART

Dallas Area Rapid Transit helps residents and visitors discover all that North Texas has to offer. Our extensive network of light rail, Trinity Railway Express commuter rail, bus routes and paratransit services moves more than 220,000 passengers per day across our 700-square-mile service area.

The DART rail system provides fast, convenient service to work and healthcare as well as shopping and entertainment destinations in Dallas, Carrollton, Farmers Branch, Garland, Irving, Plano, Richardson and Rowlett. Plus, the TRE commuter rail line links DART customers to Dallas and downtown Fort Worth.

DART operates local and express bus routes serving Addison, Carrollton, Cockrell Hill, Dallas, Farmers Branch, Garland, Glenn Heights, Highland Park, Irving, Richardson, Rowlett, Plano and University Park.

Plano is served by DART rail and bus service at Parker Road and Downtown Plano stations, by local and express buses at Jack Hatchell Transit Center and Northwest Plano Park & Ride, and at hundreds of bus stops across the city.

With DART, you can easily explore North Texas and discover something new. From off the beaten path venues to the trendiest spots in town, every trip can be an adventure. Many of these “DARTable” places are an easy walk from a DART rail station or bus stop, and DART’s free GoPass app makes discovering them easy.

The GoPass app is a great travel tool. You can purchase DART passes on the app, and learn when the next bus or train will arrive or leave from any station. The app also features a trip planner to help you get to your destination, and even offers a section highlighting local events accessible by transit. Download the GoPass app from the App Store or the Google Play store.

Not sure where DART can take you? Visit www.DART.org/DARTable for a list of possibilities that span arts, culture, sports, recreation, and dining, shopping and special events. On the website, you can read what others are saying as well as share your thoughts on the DARTable destinations. If you have a local gem of your own to recommend, you can submit it on the website.

Gary C. Thomas

President/Executive Director, Dallas Area Rapid Transit

Peak Roofing Systems

I started this company after working in sales for 15 years. My goal is, and always has been, giving my customers the level of service that I myself would like to receive. I take great pride in giving 110 percent on every job and every interaction that I have with my customers. I’ve outfitted my team that shares in my same philosophy.

Let’s face it: The best advertisement is word of mouth. Most of our business comes from referrals—the best compliment we could ever receive. With that being said, please let me know if there is anything that our team at Peak Roofing Systems can do to make your experience less stressful. I wish nothing but a positive experience for you when you work with us. I hope to not

only gain your business for all your immediate roofing needs, but also for any future needs you may have.

Plano was hit with hail of varying sizes and high winds on March 23, 2016, that was responsible for an estimated \$500 million in damages in Collin County. Many Plano residents and business owners have started the process in having their roof inspected. Peak Roofing Systems offers free inspections and we are here to assist you in the process, but if we do not win your business, we still want you to think about a few things before hiring a roofing company to do the work. Unfortunately, in our business there are “storm chasers,” and many people fall prey to dishonest people trying to make a quick buck.

The claim process can become an overwhelming and cumbersome process if your roofer is not knowledgeable and well-equipped. When selecting a roofing company, here are a few items that you should look for in your roofing company as well as some questions you should ask: What is the company’s Better Business Bureau’s rating and have you read its reviews? Check other reviews on Google, Yelp and Angie’s List. Does your roofer help you to understand the whole process? Does the company have a permanent, local location, not a P.O. box address? Is the company insured and bonded? Is it registered with roofing organizations?

Never sign a blank contract and wait until your insurance adjuster and contractor/roofer agree upon the scope of work.

Jeff Riss

President and owner, Peak Roofing Systems

PLANO SERVICE Guide

LIBRARIES

- Free library cards for residents
- 5 libraries with a collection of books, music CDs and movie DVDs
- Online availability of e-Magazines, e-Books and language programs
- Children's activities

TRASH COLLECTION

- Weekly trash and recycling collection service

Plano

Plano's story is simply remarkable. Once a quiet farming community, Plano transformed into a city well known across the country for our people, places, progress and prosperity. Today, Plano is home to more than 271,000 residents, several Fortune 1,000 companies and more than 10,000 businesses. As the fourth largest city in the Dallas-Fort Worth region, Plano has emerged as a premier place to live well, work hard and play hard.

Plano continues to be chosen by companies large and small as a desirable place to do business. Plano remains attractive

because of what I call the formula for a successful city: safety, great schools, good mobility and a sense of community. We are proud of our past and what we have become.

We're even more excited about where we are going. Our citizens embrace the true spirit of community. And that's what makes Plano the City of Excellence.

Harry LaRosiliere
PLANO MAYOR

City statistics

Estimated population: 273,900

Median age: 38.1 years

Median annual household income: \$82,944

let's go.

Ongoing and upcoming projects

1 Dallas North Tollway widening

Projects by the North Texas Tollway Authority are underway to widen the Dallas North Tollway from six to eight lanes from the Sam Rayburn Tollway to the President George Bush Turnpike. The project also entails the relocation of several exit and entrance ramps to better accommodate merging motorists, as well as the reconfiguration of the DNT/PGBT interchange in order to reduce congestion. The speed limit has been lowered to 60 mph

through the area, and the entire project is expected to be complete sometime in 2018.

Timeline: May 2015-2018

Cost: \$281 million

Funding source: North Texas Tollway Authority

2 15th Street updates

The design phase is complete for a project to improve bricks and paving at the intersections at **A** 15th Street and Municipal Avenue, and **B** 14th Street and K Avenue. The project also includes spot repairs to the brick pavement along 15th

Street through Historic Downtown Plano. Work is expected to begin in May.

Timeline: May-December

Cost: \$1.1 million

Funding source: city of Plano

3 Dallas Parkway improvements

Design work is complete for a project to add dedicated northbound and southbound right-turn lanes along Dallas Parkway at **A** Parker Road and **B** Park Boulevard. When complete, these intersections will also

feature an additional through lane to increase capacity and lower congestion. The project also includes similar intersection improvements at **C** Alma Drive and Spring Creek Parkway.

Timeline: November 2015-June 2016

Cost: \$1.4 million

Funding sources: city of Plano, Collin County

4 McDermott Road, 15th Street additions

Work to improve the intersections along McDermott Road at Ohio Drive and 15th Street at Plano Parkway is set to begin in May. When complete, both intersections will have dedicated eastbound and westbound left-turn lanes on McDermott Road.

Timeline: May

2016-February 2017

Cost: \$1.2 million

Funding sources: city of Plano, North Central Texas Council of Governments

5 US 75/President George Bush Turnpike reconfiguration project

Additional lanes will be added along northbound US 75, and the existing ramp from 15th Street on the southbound side will also be relocated to the north and braided under the exit ramp to Plano Parkway to improve access between US 75 and the PGBT. The entire project is expected to be complete in late 2019, according to the Texas Department of Transportation.

Timeline: February 2016-November 2019

Cost: \$37 million

Funding source: TxDOT
